Product Description

Rental Led Display P4.81mm Curved cabinet 500x500mm High Brightness For Outdoor Events

Curved rental LED displays with a 500x500mm module size are designed for versatility in various event settings. Here are the key features and benefits of this type of display:

Key Features

Modular Design

500x500mm Size: Standard module size allows for easy stacking and configuration to create larger displays.

Curved Configuration: Panels can be arranged in concave or convex shapes, enabling creative setups for unique visual experiences.

High Resolution

Pixel Pitch Options: Available in various pixel pitches (e.g., P2.97, P3.9 P4.81) to deliver high-quality visuals suitable for close viewing.

Lightweight and Portable

Easy to Transport: Lightweight materials make it easy to handle, transport, and set up for events.

Quick Assembly

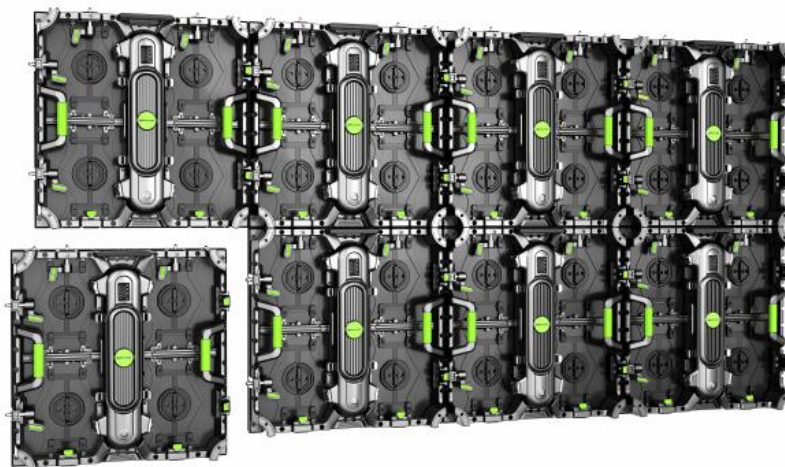

Time-Saving Setup: Designed for fast installation and dismantling, facilitating quick changes between event setups.

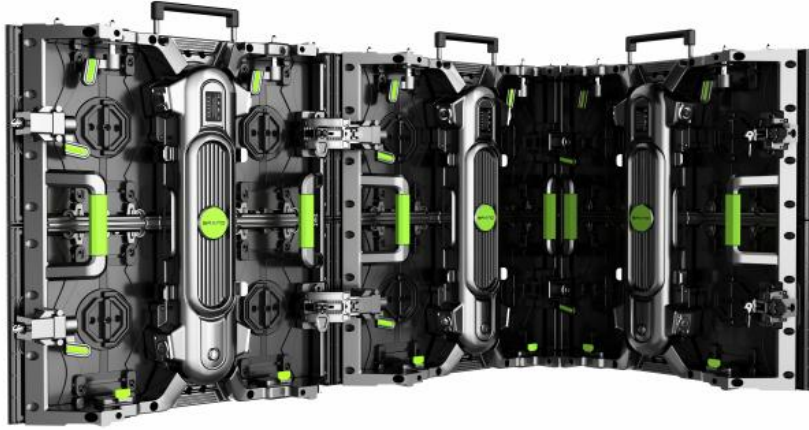

Seamless Connectivity

Minimal Bezels: Panels connect seamlessly to create a uniform display surface, enhancing the visual impact.
